

Steps:

- 1) Attach base to vertical stand using bolts.
- 2) Attach mounting plate to horizontal connector as shown in detail.
- 3) Attach clamshell to square mounting plate using hex nuts as shown in detail.
- 4) Connect horizontal to front of stand as shown.
- 5) Insert iPad into clamshell and feed wire through hole as shown in detail.
- 6) Attach graphic to A-10 clamp on top of stand as shown.

* iPad Mount Attachment

Rotate clamshell to turn iPad from portrait to landscape orientation

When assembled

Wire Management for iPad

Feed iPad charging cord through holes from top to bottom of post as shown.

Optional Cover for Home Button

- 1) Remove foam lining from inside bottom of clamshell as shown.
- 2) Attach Home Button Shield with double-sided tape to inside of clamshell, keeping top of shield flush with clamshell opening as shown.

NOTE: This is a permanent fix and can't be easily removed.

Tools Required:

- 1) Hex Tool
- 2) Pliers
