

Banner Stands (Large Format Conversion Kit)

Note: For larger graphics, assemble product on floor to prevent crossbars from bowing.

1. Attach upright inserts (with hole) to upright poles (fig. A).
2. Attach center support insert (without hole) to center support (fig. B).
3. Attach crossbar inserts to crossbars (fig. C).
4. Lay bridge support over base and screw upright onto base using flathead screw (fig. D).
5. Slide banner onto crossbars (fig. E).
6. Secure crossbars to uprights using knobs provided (fig. F).
7. Place center support in between crossbars and tighten knob to secure (fig. G).
