## Parts List

**Important:** Before you begin please count and inspect all pieces.

- 1 - Base with retractable banner (A)
- 1 - Tension Rod (B)
- 1 - Soft Carry Case (C)

## Assembly Instructions

### Step 1

Remove tension rod (B) from base (A) compartment. Assemble by inserting the smaller, shiny side of the rod into the next rod. The elastic band will hold the rod in place.

### Step 2

Insert the assembled rod (B) into the hole on the back of the retractor base (A).

### Step 3

With base (B) on the ground hold rod and pull the graphic out of base (A). Tip base (A) at an angle and move backwards, bringing the top of rod (A) down within reach. Make sure to hold tightly onto the graphic, which will unroll, until you fully bring the top of rod (A) down within reach.

### Step 4

Hook the metal hook into the top of the rod (B). Holding rod (B) tip base (A) back to standing position.

## Assembly Instructions (cont.)

### Step 5

Rotate the feet 90° to the out position and set retractor base right-side up with the feet on the floor.

## Disassembly Instructions

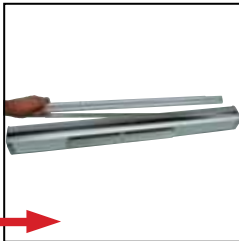

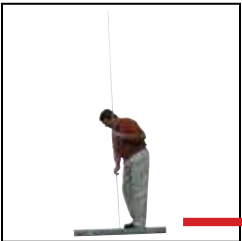

### Step 1

Rotate the feet 90° back to the in position.

### Step 2

While holding rod (B) tip retractor base (A) back until within easy reach of the top of rod (B). Holding top banner rail firmly, unhook the metal hook from the top of the rod (B), and slowly, retract banner into the base (A), retipping base (A) back to standing position as banner retracts.

### Step 3

Remove rod (B) from base and disassemble it. Insert rods (B) back into the storage compartment located in base (A).

## Storage Instructions

Store soft carry case (C) or hard case in a cool, dry place.

## Care Instructions

Lightly spot clean with damp cloth.

## Warranty Information

All products are designed to provide the user with a cost-effective and durable product. Standard warranty is a 'one year parts and labor' warranty which warrants product against defects in material and workmanship. It does not cover damage due to accidents, abuse, or normal wear and tear. Products found to be defective will be replaced or repaired at factory's discretion.
