

Ready Pop Counter

- Quick Instructions

Step 1
Unfold your ready pop frame completely.

Step 2
Hook all 4 hooks together.

Step 3
Connect the Frame support bar notch over the screws on the frame.

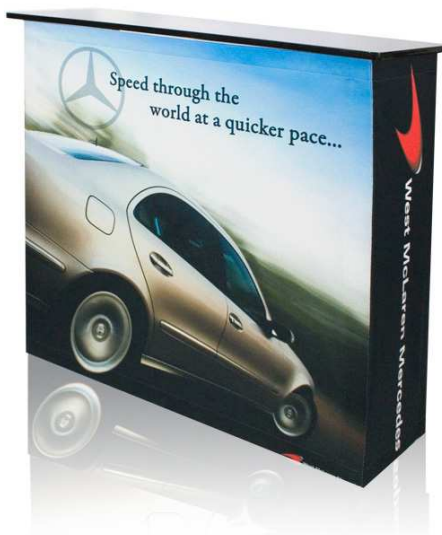

Step 4
Taking note of the feet on the bottom of the frame, place those on the floor to stand it up right making sure the hook and loop is facing out.

Step 5
Place the black top shelf over the hook and loop that is located on the back of the top shelf and on the top of the frame.

Step 6
Take the white bottom shelf and place it over the Frame support bar making sure to place the aluminum part of the shelf on the outside of the frame support bars.

Step 7
Wrap your graphic over the hook and loop section of the front of the frame. Your Ready Pop Counter Display is done.
