

# How to Use Your DELUXE ROLLER BAG

Your E-Z UP® Shelter is ready to be placed in the Deluxe Roller Bag after the Shelter has been completely taken down.

**A.**  
Open Deluxe Roller Bag by unzipping the heavy duty zipper near the base.

**B.**  
Place open end of bag over the top of the E-Z UP® Shelter and slide bag down until completely covered.

**C.**  
Carefully rotate the E-Z UP® Shelter by placing it on its top. **Note:** Make sure to bend knees slightly so back strain does not occur. Pull over the bag base plate over the feet of the Instant Shelter and zip bag closed.

**D.**  
Rotate once more so the wheels are on the ground. Grasp the top and side handle and lift bag upright. **Note:** Make sure to bend knees slightly so back strain does not occur. Feel free to conveniently store the Shelter owner's manual in the Deluxe Roller Bag side pouch.

**E.**  
Deluxe Roller Bag is designed to be pulled by the handles or pushed by grasping upper portion of frame.

ENJOY your E-Z UP Deluxe Roller Bag.
