

Portable Pole 2 & XL-Portable Pole 3 Rolling Sign Bases

EZ Grip Finial makes moving sign easy.

Pre-drilled pole for signs from 9" x 12" to 24" x 24" and 12" x 36".

Smooth Edge Stabilizer Mounting Plates keep signs from twisting.

Fast assembly - less than 60 seconds.

Heavy duty black 2" diameter recycled PVC pole for rigidity and durability. Won't crack in the cold.

48" and 58" pole heights available on PP2 model.

48", 58" and 72" pole heights available on XL-PP3.

Inner Support Sleeve located inside pole adds stability to pole. (XL-PP3 model only.)

Recycled Technopolymer base never rusts and always looks good.

Ballast Port accepts 5 gallons of water or sand for stability. Can withstand freezing.

Security Bolt prevents sign pole from lifting out of base.

PP2 model is 18" dia x 12" tall.
XL-PP3 model is 24" dia x 16" tall.

3 Molded-in feet keep sign from rocking.

Large 3" recessed wheels for easy rolling. No lifting or carrying.
