

# Throw Covers

## The industry standard for over 40 years.

No matter the size or configuration of your booth, there's always a table that needs to be covered, hidden, or coordinated with the rest of the exhibit. Whatever your requirement, we have you covered. The majority of custom throw covers in the Trade Show Exhibit industry are manufactured by Radius Display Products and have been for over 40 years. Our wide range of fabric colors and imprint options give you endless possibilities. Make your brand pop with our proprietary RasterPrint™ process which enables us to print stunning full color, full print throws. Whether you're looking to simply cover a table in a coordinated color fabric, or if you want the table to be the center of your booth, we've got an option that's right for you.
