

SQUARE PEDESTAL | SETUP INSTRUCTIONS

1

For proper pole alignment, begin by attaching poles to top shelf.

Diagram showing a pole being inserted into a hole on the top shelf.

2

Next, position pedestal with top shelf facing down and attach bottom shelf. *Note: Optional Locking Door slides into place prior to attaching bottom shelf.*

Diagram showing the top shelf facing down with two poles attached. An arrow labeled "Top" points downwards.

3

After attaching bottom shelf, flip pedestal back onto base.

Diagram showing the pedestal with both shelves attached. An arrow labeled "Top" points upwards.

4

Next, insert panels into place by applying tension.

Diagram showing the panel being inserted between the poles of the pedestal. Arrows indicate the direction of tension.
