

Embrace - Inlines

Embrace™ Fabric Backwalls can be connected together easily with a simple clamp system to create 20ft and 30ft inline backwall displays. Embrace displays feature seamless, clean, crisp lines due to the push-fit fabric graphics that hug the collapsible frame. Embrace Inline Kits include your choice of either single or double-sided graphics and also the choice of front or full fitted graphics with end caps. The graphic is one, long piece!

features and benefits:

- Lighter white straight frame
- Choice of single or double-sided graphics with front or full fitted with endcaps
- Simple assembly
- Additional stacking and linking options now available
- Perimeter channel bars connect to frame and hold push-fit fabric graphics
- Rolling carry bags included.
- Lifetime hardware warranty against manufacturer defects

Embrace - Build Sequence

Linking Instructions

For safety best practice, follow this sequence of assembly steps.

Embrace

Linking Instructions

1

For joining two assembled units, begin by adding one “EMB-WIDE-FOOT” between each pair of units. Slide Unit 2’s (the right unit) bottom left dovetail into the foot. Slide Unit 1’s (the left unit) bottom right dovetails into the foot second.

2

Prepare your straight connectors by setting them to the “Unlock” position as shown.

3

Place your Straight Connectors onto each quadrant, both front and back of the units, on the INSIDE of the frame as shown in the figure right. Lock each connector by setting the knob to the “Lock” position as shown.
