

## Custom Printing for Throw Covers & Skirting

We use a state-of-the-art graphics/screen-printing facility designed specifically for imprinting skirting and backdrop draperies. This in-house capability allows us to provide you with superior screen-printing quality at very reasonable prices. We add an additional set-up charge to product prices for custom imprinting.

## Artwork Information & Requirements

The condition of the artwork used has the greatest impact on the quality of the final product. Receiving unusable artwork with the order is the main reason for delays.

- We need original "vector" art created in Adobe Illustrator
- File types we can use: ai, eps, pdf (if created from vector art), vectorized psd files (photoshop)
- We use version CSS or lower!

### PLEASE NOTE

We cannot use any of these file types if they were made with bitmap or rasterized images

**Unacceptable file types:** Any type of bitmap file such as BMP, GIF, JPG, TIFF, WMF, PNG

**E-mail your art to us at:** [graphics@camelbackdisplays.com](mailto:graphics@camelbackdisplays.com) (\*all of above requirements apply)

You can also send us your art on a CD

### SCREEN PRINTING NOTES

- Pantone Matching System (PMS) color must be provided for ink match (The color is not an exact match)
- Select up to four PMS ink colors
- Maximum image size: 48" wide x 17.8" high (20" x 17.8" for repeat-print table skirting)
- Allow 10 business days to ship
- Note: Please provide black & white print out of logo
