

MODify 4-Sided Kit 02

MODify™ is a one-of-a-kind Modular Merchandising System that is made up of interchangeable fixtures and accessories that can be easily assembled, disassembled, and rearranged to create a variety of different display configurations. The MODify system incorporates SEG push-fit fabric graphics that enable you to brand, promote and merchandise with ease.

MODify 4-Sided Kit 02 is a cutting-edge retail merchandising display tower that uses silicone-edge graphics on all four sides and can be adorned with fixtures such as shelves or hang bars. The top header allows branding to be prominently displayed for maximum visibility.

We are continually improving and modifying our product range and reserve the right to vary the specifications without prior notice. All dimensions and weights quoted are approximate and we accept no responsibility for variance. E&OE. See Graphic Templates for graphic bleed specifications

features and benefits:

Base Kit includes:

- Frame, slatwall, shelf and base colors in kit are all the same, your choice of all white, black, or silver
- Heavy-duty aluminum frame, steel base
- Steel, slotted uprights

MULTI HEX KEY
(INCLUDED)

PHILLIPS SCREW DRIVER
(NOT INCLUDED)

How to Apply & Remove Graphics

Installation and removal of SEG graphics is easy!

Installation: Push the SEG bead into each corner of the frame (1-4) with your thumb, then push the SEG bead into the middle of the run (5-8) and work your way around the perimeter of the frame until all beading is pushed in properly; if necessary, go around the perimeter again to ensure beading is secure in the extrusion profile.

Note: Keep the set up area clean by using a drop cloth, washing hands before set-up or by wearing gloves.

Removal: Use the pull tab located on the graphic and gently pull the graphic from the frame, going around the perimeter.

Graphics Storage & Care

Graphics should be folded with the graphic facing inward and stored in a zip lock /sealable plastic bag. Spot clean by wiping with a damp white cloth. If washing is necessary, use a commercial size front-loading washing machine, gentle cycle with cool water. Line dry flat. Dry cleaning is NOT recommended to prevent shrinkage.

QTY	IMAGE	DESCRIPTION
4		883MM (34.7in) OF SINGLE SIDED SEG EXTRUSION -WITH CAM LOCKS BOTH ENDS
4		5/16" x 1.6" length thread adjustable foot
4		2300MM (90.55in) BOTTOM UPRIGHT
